Eagle Farm Re-Development

22 July 2026

Eagle Farm Redevelopment

Eagle Farm is entering an exciting new chapter as the next stage of its redevelopment gets underway, helping to create a safer, more modern racecourse for future generations.

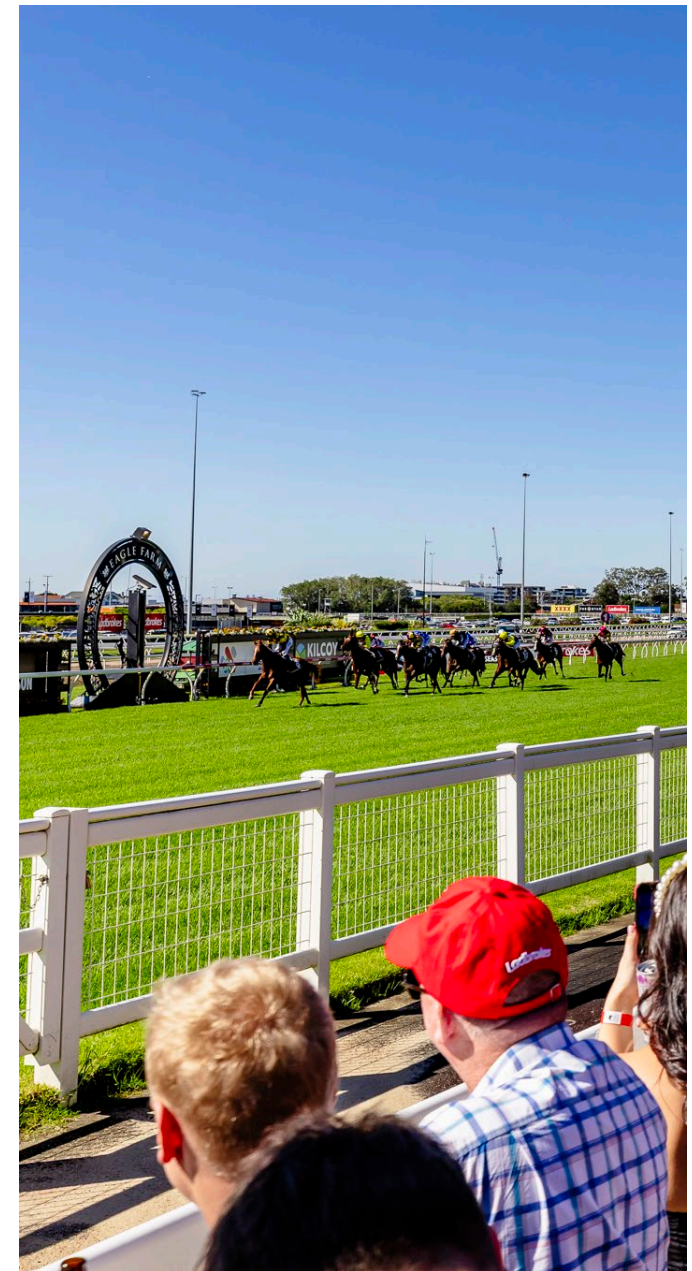

As part of this transformation, the John Power Stand, an iconic feature of the racecourse since the 1950s, will be removed following the end of its operational life.

While it's the end of an era, these important works will pave the way for enhanced facilities and an improved raceday experience, ensuring Eagle Farm continues to thrive as one of Australia's premier racing destinations for owners, members and racegoers alike.

Spring & Summer Racing Carnivals

- **Construction Timeline** – Phase 1 works on the Heritage Stand commenced in **July 2026** and are due for completion before **March 2027**.
- **Racing Continues** – Eagle Farm will continue to host racing in line with the Queensland Racing Calendar throughout the construction period.
- **Black Type Racing Remains** – all scheduled Black Type races will continue to be conducted at Eagle Farm.
- **Temporary Operational Plan** – a temporary operational plan will be in place from 25 July 2026 through to the conclusion of the Summer Carnival to ensure a safe and seamless experience for members, guests and participants.

Spring & Summer Racing Carnivals

- **Spring & Summer Schedule** – 3x race meetings will be relocated to Doomben during the Spring & Summer Carnival to support construction schedule.
